COMPANY PROFILE

Education.
Public Assistance.
Hunger Relief.
Shelter Homes.
Health.
Water.
Women Empowerment.
Internship.

OUR VISION

To bridge the gap between the rich and the poor. Our vision is to bridge the gap for the poor. It goes beyond today's survival. The people we touch are dear to us, and we seek to build a real future for them – to give them hope and uplift them.

OUR MISSION

To be of assistance to underprivileged individuals and families with our programmes, resources and expertise while engaging with the elite communities, our members and supporters as well as our youth. We encourage people to take the lead roles within the organisation.

OUR PROJECTS

- Education
- Shelter Homes
- Women Empowerment
- Public Assistance
- Health
- Hunger Relief
- Water
- Internship

EDUCATION

Two Hope Uplift Foundation schools stand as beacons of hope: DHA Campus (429 EE Block, DHA) and Dreamland School (Charrar Campus). The four kanal land, graciously donated by DHA, supports a state-of-the-art structure. Over 2000 students thrive in an English medium curriculum, with a modest monthly fee of RS 600. As a gesture of care free uniforms, sweaters, and stationery are provided. Additionally, our incubation center fosters expertise in IT courses, digital marketing, social media marketing, freelancing, mobile, laptop, and CCTV repairs.

PUBLIC ASSISTANCE

We extend physical, financial, and moral assistance to all deserving individuals. Our initiatives include microfinance, nikah fund and mass weddings. Scholarships pave the way for brighter futures, and our welfare shop serves as a resource hub for those in need.

HUNGER RELIEF

Addressing a basic need, we provide free daily meals to 365+ impoverished individuals. The Widows Fund and monthly ration distribution programs alleviate hunger, and during the holy month of Ramzan, elaborate iftar is organized.

SHELTER HOMES

In our commitment to provide holistic support, we offer separate shelter homes for boys and girls. These homes create a homelike environment while ensuring access to quality English medium education.

HEALTH

Our healthcare initiatives encompass a dispensary in Alnoor Town, Model Colony, Walton Road, Lahore Cantt, catering to 75+ patients daily. Additionally, a fully equipped medical center in Ali View Gardens, Nishat Colony, R.A. Bazaar, serves over 300 patients daily. A mobile health unit tirelessly visits poor backward areas around Lahore six days a week.

WATER

Through 1000+ water wells and refurbished wells across Pakistan, hand pumps, R.O. plants, filtration plants, and water coolers, we strive to ensure access to clean water all over Pakistan.

WOMEN EMPOWERMENT

Empowering women is central to our mission. Our vocational training school teaches various skills, including designing, cutting, stitching, sewing, embroidery, ribbon work, and digital fabric painting. Graduating females contribute to society by producing multiple handcrafted apparel. Islamic teachings are seamlessly incorporated into their educational journey.

INTERNSHIP

In 2022, our organization launched a cutting-edge Summer Internship Program, cultivating confidence and empathy. Interns delve into challenges faced by underprivileged groups through rotations in Education, Hunger, Healthcare, Orphan Shelter, and Women Empowerment. The three-week program, three hours daily, totaling 63 hours, prioritizes personal and professional growth, leaving a lasting impact on character and career.

REMARKABLE ACHIEVEMENTS: IMPACTING LIVES

From 2000, Hope Uplift Foundation has provided assistance of approx. 90 crores to the underprivileged, handling 2 million cases. Lubna Shakoh's dedication continues to inspire, illuminating the path toward a brighter, more compassionate world.

**HOPE UPLIFT
FOUNDATION**

FOUNDER & PRESIDENT'S MESSAGE

Hope Uplift Foundation (HUF) School System was established by Ms. Lubna Shakoh, President HUF in the year 2000 with the vision of **“Bridging The Gap Between The Rich And The Poor”**. We are supporting all such children who are easy targets of abuse and exploitation and can't afford education due to financial constraints. We provide them quality education against Rs.600/- per month only.
