## ANGELS HAVE DREAMS

These children may be impoverished, but they work hard and dream of a future, an education, a way out of poverty, out of exploitation, out of child labor, out of helplessness,

**... to hope ... to build a life.**

At **Hope Uplift Foundation**, we are deeply committed to transparency and accountability. We carefully maintain our audit reports and ensure that every case is addressed within 24 hours, because we understand how crucial it is to take swift action when it matters most. Your concerns are our priority, and we are here to make a difference together.

Our school started in the year 2000 in Model Colony, Lahore. With generous donors, a state-of-the-art campus was built in 2018 in Phase 4 DHA Lahore, serving 2000+ students.

## BUILD A FUTURE

Our children work hard to attain top scores. But our mission goes beyond grades, to build self-sufficient human beings.

## QUALITY

We provide high-quality teachers, classroom facilities, and Oxford textbooks.

## APPLIED LEARNING

Students are prepared for vocations with crafts, science, and IT labs.

## HUMAN DEVELOPMENT

Students receive arts, sports, and field trip activities; as well as health, hygiene, and ethics education.
